NOTICE OF FILING AND HEARING

DOCKET NO. 2013-47-W

Application of AAA Utilities, Inc. for Adjustment of Rates and Charges for Water Services

Docket Summary: AAA Utilities, Inc. ("Applicant" or "Company") has filed an Application with the Public Service Commission of South Carolina ("the Commission") for adjustments of rates and charges and modifications to certain terms and conditions for the provision of water service. Pursuant to S.C. Code Ann. §58-5-240 and 10 S.C. Code Ann. Regs. 103-712.4.A, the Applicant requests that the Commission approve the monthly water service charges set forth in the rate schedule in the Company's Application. Also, pursuant to 10 S.C. Code Ann. Regs. 103-703, the Applicant proposes a modification to the terms and conditions for the provision of water service to provide a provision seeking a pass-through of the adjustment to customers in Lakeside Forest Subdivision.

As it relates to the Company's need and justification for rate relief, the Applicant states that the proposed rate increase is necessary in order that it may provide reasonable and adequate service to its customers, cover its expenses, be permitted an opportunity to earn a reasonable return on its investment, and attract capital for future improvements. Additionally, the Application states the proposed rates are necessary in order that the Applicant may comply with the standards and regulations set by the Department of Health and Environmental Control and other regulatory authorities. Also, the Applicant asserts that the proposed rates will provide the Company with a reasonable operating margin of 8.12% and preserve the financial integrity of the Company while promoting continued investment in and maintenance of its facilities.

THE PROPOSED CHANGES IN THE RATES AND CHARGES ARE SET FORTH BELOW

(The complete rate schedule is available from the Company at the address below and on the Commission's website at www.psc.sc.gov.)
